Write a review that matters so we can improve the content on UiPath Marketplace.

This one pager is meant to support anybody interested in reviewing reusable listings from UiPath Marketplace aiming to increase user engagement and improve the content on the platform.

Check out any or all of the guidelines below:

Usability

Is the reusable listing working as outlined in the description?

Do you identify any advantages or limitations when using this reusable listing?

Usefulness

Can it be integrated with other Marketplace listings?

How did you use it/think of using it? (Domain / Industry / Process)

Quality

Can you suggest new functionalities or future development that the author can look into?

Would you describe this reusable listing as being an innovation?
