

**Forward|||**

# Daniel Dines

Founder and CEO

UiPath

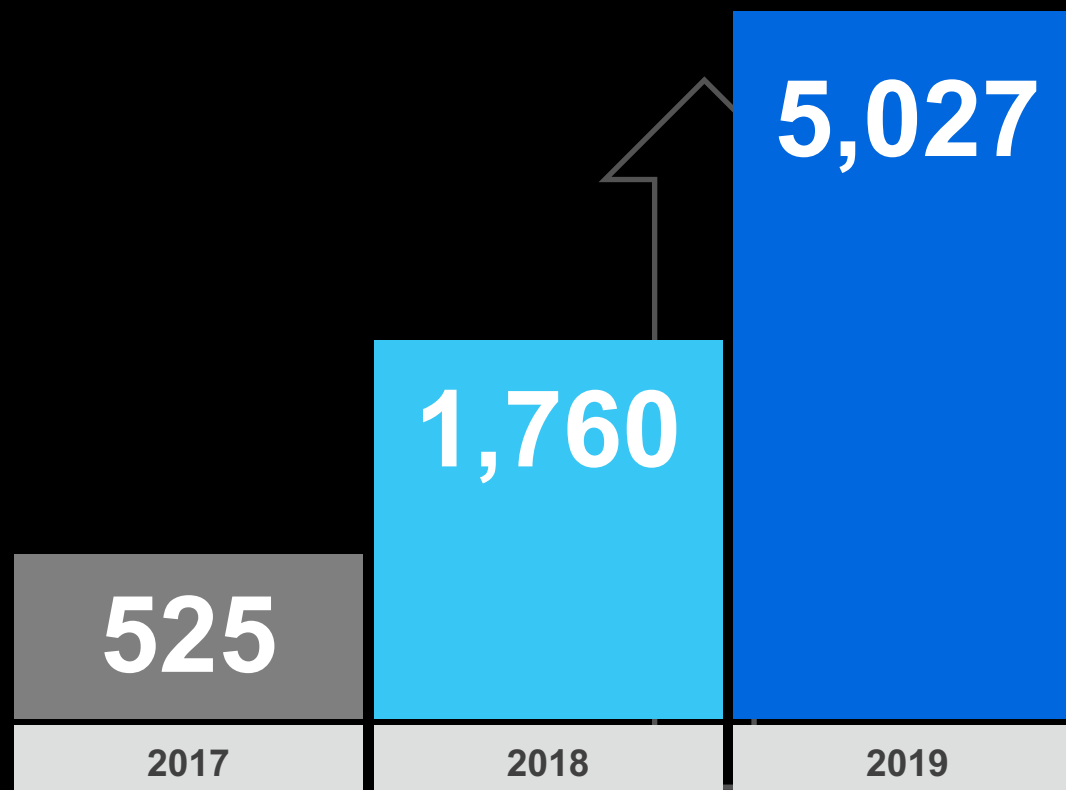

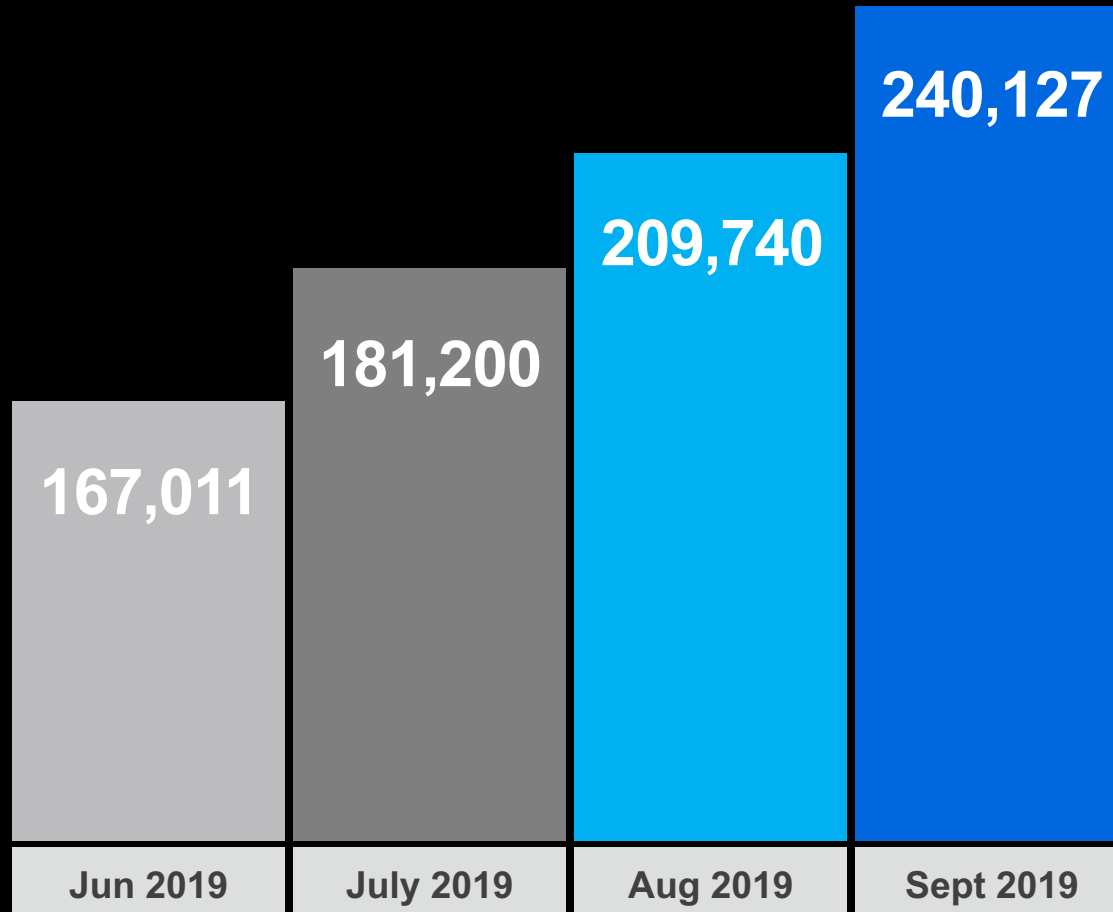

**Thank you for joining us  
on this incredible journey.**

# UiPath Customers

As of October 1

# Cloud RPA is Accelerating Adoption

Over 30,000 robots connected in the last 30 days. A new user every 90 seconds.

Deployments happen in less than 3 minutes.

Managed by a single UiPath Orchestrator. This is the ultimate proof of scalability.

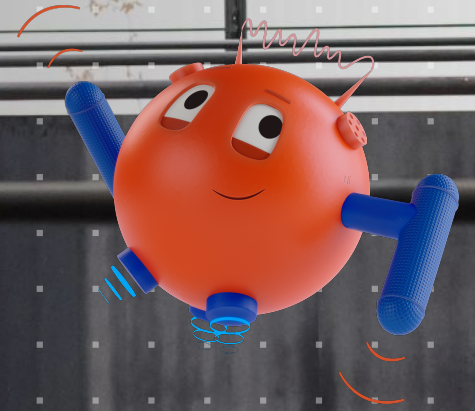

# RPA is a \$16.2 Billion Market by 2023

Source: Forrester report, RPA Services Market To Reach \$12 Billion By 2023"

OUR VISION

# A Robot for Every Person

**Celebrating one year of working  
together to make a robot for  
every person a reality**

**Valerie Yeong-Tan worked for 47 years at SingTel before building her first bot with no prior programming experience**

OUR PURPOSE

# Accelerating Human Achievement
